

Due to the bad weather conditions the dustcarts will not be out today collecting as it is too dangerous.

The message we are giving out to residents is:

Refuse and Recycling collections week commencing Monday 6 February 2012 – please put your bin out on the normal day of collection and we will do all we can to clear by the end of the week. Refuse helpline no. is 0845 606 6045

Snow update:

All brown bin garden waste collections have been cancelled for this week (Week commencing 06-02-12). Please present your brown bin for collection on your next scheduled brown bin collection date. Anyone who has subscribed to the garden waste service and needs extra waste collection bags can call to request them. For more information - or to request extra garden waste collection bags - please call Babergh and Mid Suffolk's Refuse Hotline on 0845 606 6045.

We will be reviewing the situation throughout the week, and will send out further updates if the situation changes.

Kind regards

Hannah
