	163	172	177	182	186	192	196	201	204	211	218	220

Highlights this period

1. BAU website updates – a few less than normal over the Christmas period.
2. I continue to update the total respondents on a daily basis for those that do not have access to Survey Monkey. To date, online responses are Residents Survey 186, Business Survey 12 and Youth Survey 35 – so not that much change over the month.
3. The surveys are due to close on 31 Jan so I will pull the plug on 1st Feb unless I hear otherwise.
4. See separate email. The domain 'debenhamsuffolk.org.uk' is due for renewal at a cost of £22. However, the email forwarding component is not used and I think the 'onesuffolk' addressed is now well established in search engines. Hence I recommend we do NOT renew. We still have the 'debenhamsuffolk.co.uk' which does use the email forwarding.

Barry Woods, Editor

ANNEX A – Explanation of Key Indicators

The current Key Indicators replace the ones on the old website but it is difficult to make like-for-like comparisons. But the new CMS does support a feature called Google Analytics which I propose to investigate in the near future to maybe provide more refined statistics. However, since we are not a commercial website, I have not placed any high priority on this.

The current Key Indicators are explained as follows:

- **Pageviews** – The number of times that the Debenham home page has been visited by all visitors. Initial indications are that these are a close match to the previous Key Indicator which measured the number of Visitors who spent more than 1 min on the website – in an effort to discount all the different robots that trawl websites.
- **Visitors** – The number of 'unique' visitors to the website i.e. visitors who have never visited before. Over time, I would expect this number to level off.
- **Total countries** – The number of different countries that have visited the website – gives an indication of the global spread of interest albeit one might be tempted to ask why anyone in China would have any interest in Debenham!! Again over time, I would expect this number to level off – there are only a finite number of countries in the world.
- **Website updates** – The number of updates that have been made to the website – these are determined on a monthly basis from the update number on the Latest Website Updates page. Generally speaking, every website update gets a mention on this page
- **Email Alert Service** – The number of people who have signed up with their email address in order to receive notification of important updates. Currently, this includes the email addresses to the old website which have been transferred across
- **YTD Advertiser revenue** – Although we can no longer charge for business advertising which is free – but limited – entry on the website, we can host 'mini' websites on other web space. Currently I am using my own web space for this purpose. I have set the charge for this service to be £40pa and we currently have one advertiser that would like us to continue with their mini websites. I am also charging £10 for a 'one month' special event advert
- **Google ranking 1** – Since we are not a commercial organisation, SEO (Search Engine Optimisation) is not a major concern – but it is nice to know that our website does come up near the top of search engines – as research shows that visitors rarely move on to page 2 of a search. This indicator shows our position if you Google 'Debenham Suffolk'.
- **Google ranking 2** - As above but this shows our position if you Google just 'Debenham'.
- **Business Advertisers** – The number of local businesses advertising their services – excludes clubs, organisations and other charitable bodies
- **Twitter followers** – Number of people following #DebenhamVillage on Twitter
