Highlights this period

1. Updates – sort of business as usual but I've been in Corfu for two weeks. Although I've managed to make a few important updates I left the routine ones until my return.
2. Key Indicators – we've slipped out of the No 1 slot on Google – but I'll get them!!
3. Debenham is now on Facebook – 'DebenhamVillage'. I'm no big fan of FB but I have to move with the times and I cannot deny it is a powerful medium for rapid communications. Within a few days of launch, it has 32 members – I have added this to the Key Indicators. Thus Debenham PC now have the main website, the Email Alert Service, Debenham Community Association email list, Twitter and Facebook thus providing it with a complete range of communication channels for the benefit of parishioners.
4. I have taken the above opportunity to add Twitter and Facebook links to the left hand side of the page which means they are replicated on almost every page rather than just on the home page.
5. Due to funding cuts, Suffolk County Council have decided they will no longer support 'onesuffolk' which is what we use to host Debenham and Neighbourhood Plan websites. They have handed over control to Community Action Suffolk who will provide the hosting and support. But CAS have notified us that Parish Council websites will be subject to a charge of £50pa + VAT. At the last count, the website had 225 pages, 627 downloadable documents amounting to 1,667 pages and was 72Mb in size. So, compared to market rates, what they are proposing to charge is not too unreasonable! And is still better than the £1,200 you were previously paying UK Hosts! The deadline for deciding to retain the website and pay the charge is 1 Nov 16. Since it is registered in my name, if PC wish to go ahead it would probably be easiest if I pay the bill and include it on my next invoice.

ANNEX A – Explanation of Key Indicators

The current Key Indicators replace the ones on the old website but it is difficult to make like-for-like comparisons. But the new CMS does support a feature called Google Analytics which I propose to investigate in the near future to maybe provide more refined statistics. However, since we are not a commercial website, I have not placed any high priority on this.

The current Key Indicators are explained as follows:

- **Pageviews** – The number of times that the Debenham home page has been visited by all visitors. Initial indications are that these are a close match to the previous Key Indicator which measured the number of Visitors who spent more than 1 min on the website – in an effort to discount all the different robots that trawl websites.
- **Visitors** – The number of 'unique' visitors to the website i.e. visitors who have never visited before. Over time, I would expect this number to level off.
- **Total countries** – The number of different countries that have visited the website – gives an indication of the global spread of interest albeit one might be tempted to ask why anyone in China would have any interest in Debenham!! Again over time, I would expect this number to level off – there are only a finite number of countries in the world.
- **Website updates** – The number of updates that have been made to the website – these are determined on a monthly basis from the update number on the Latest Website Updates page. Generally speaking, every website update gets a mention on this page
- **Email Alert Service** – The number of people who have signed up with their email address in order to receive notification of important updates. Currently, this includes the email addresses to the old website which have been transferred across
- **Google ranking** – Since we are not a commercial organisation, SEO (Search Engine Optimisation) is not a major concern – but it is nice to know that our website does come up near the top of search engines – as research shows that visitors rarely move on to page 2 of a search. This indicator shows our position if you Google 'Debenham'. Googling 'debenham Suffolk' always ranks us as No 1.
- **Business Advertisers** – The number of local businesses advertising their services – excludes clubs, organisations and other charitable bodies
- **Twitter followers** – Number of people following #DebenhamVillage on Twitter
- **Facebook members** – Number of people who have asked to join DebenhamVillage.
